

To Whomsoever It May Concern

I am writing to confirm that Mr. Krishna Bahadur Gurung completed his internship with **Koulier/Lexflow** successfully.

Mr. Gurung worked with us as an intern from **July 06, 2025** to **October 20, 2025**. Throughout his time here, he developed hands-on experience in contemporary web development, backend programming, and workflow automation systems.

His main areas of work and learning covered:

- Creating and maintaining user interfaces with React, Svelte, and Next.js.
- Developing styled components using Tailwind CSS and ShadCN UI.
- Handling server state and data retrieval through TanStack Query.
- Setting up internationalization (i18n) for multi-language applications.
- Building backend services and APIs using Python Flask.
- Working with PostgreSQL databases for design and management tasks.
- Creating and automating workflows with n8n.
- Working alongside our team to connect frontend, backend, and database systems smoothly.

Mr. Gurung showed strong initiative and enthusiasm for learning. He demonstrated the ability to put his technical knowledge into practice on actual projects. The experience and skills he gained during this internship should serve him well in his professional development. We extend our best wishes for his future career success.

Sincerely,

Charles Martin
Founder & CEO of **Koulier / Lexflow**
